STOCK MOVEMENT ANALYSIS BASED ON SOCIAL MEDIA SENTIMENT (USING TELEGRAM DATA)

Copyright © 2024 [Himanshi Khatri]

Permission is hereby granted, free of charge, to any person obtaining a copy of this software and associated documentation files (the “Software”), to deal in the Software without restriction, including without limitation the rights to use, copy, modify, merge, publish, distribute, sublicense, and/or sell copies of the Software, and to permit persons to whom the Software is furnished to do so, subject to the following conditions:

Terms and Conditions

1. Usage:

- The Software is provided solely for educational and research purposes.
- Commercial use is permitted with appropriate acknowledgment to the original author.

2. Modification and Distribution:

- You may modify, distribute, and publish derivative works based on this Software under the same terms as this license.
- Any modifications to the Software must be clearly documented, and the modified version must be shared under the same license.

3. Attribution:

- Any publication, research paper, or project based on this Software must include the following citation:

"Stock Movement Analysis Based on Social Media Sentiment (Using Telegram Data)" by [Himanshi Khatri], 2024.

4. Data Collection Disclaimer:

- The Software uses the Telegram API for data scraping. Users must comply with Telegram's Terms of Service and ensure they have explicit permission to scrape and use the data. The authors of this Software take no responsibility for any misuse or violation of Telegram's terms.

5. Limitations of Liability:

- The Software is provided "AS IS", without warranty of any kind, express or implied, including but not limited to the warranties of merchantability, fitness for a particular purpose, and non-infringement.
- In no event shall the authors or copyright holders be liable for any claim, damages, or other liabilities arising from the use or inability to use the Software.

6. Third-party Libraries:

- The Software depends on third-party libraries, including but not limited to pandas, numpy, matplotlib, seaborn, and Telethon. These libraries are governed by their respective licenses.

7. Prohibited Uses:

- Users may not use this Software for unethical purposes, such as misleading stock analysis, market manipulation, or any other activity that violates financial regulations or ethical guidelines.

Revocation of License

The authors reserve the right to revoke this license if the Software is used in violation of the terms and conditions outlined above.

Acknowledgment

This license is inspired by the principles of the MIT License and is tailored to the specific needs of the project.

If you agree to these terms and conditions, you may use, modify, and distribute this Software freely under this license.
